### ■ Experience

#### Java & Spring

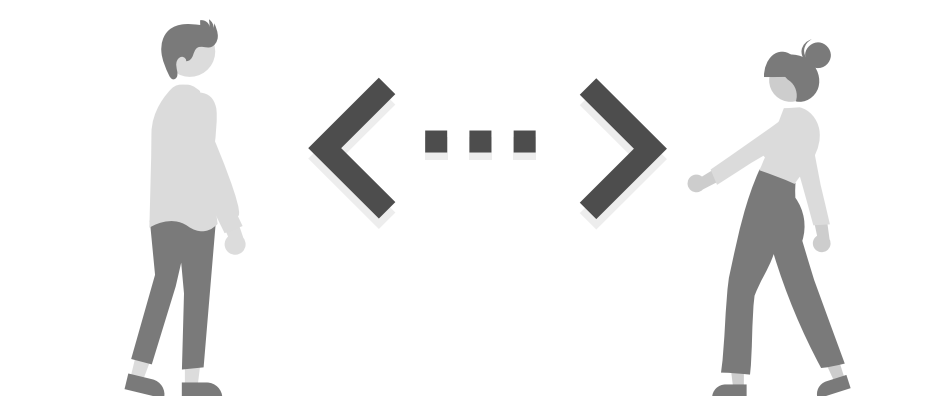

REST API Server;  
Web application;  
Federated Authorization Service;  
Data encryption;  
Interaction with databases.

#### Databases

Schema design;  
Database normalisation;  
Triggers, indices generation;  
Database administration.

#### Android

Client-Server interaction;  
Interaction with databases;  
2FA authentication;  
Biometric authentication;  
Data encryption;  
Motion layout;  
Adaptive layout.

### ■ Stack & skills

#### Computer networks

OSI, TCP/IP;  
Protocols.

#### Data Science

Relational databases (MS SQL, MySQL);  
GraphQL;  
Basics of neural networks and machine learning.

#### Design

Mobile UX/UI experience;  
Graphic design in Figma;  
Material design  
(principles & components).

#### Programming

Java/Kotlin languages;  
OOD, SOLID, patterns, clean code;  
MVC, MVP, MVVM, CA;  
Android SDK;  
Android Jetpack;  
Room, Retrofit;  
Spring Framework.

#### Other

Cryptography (AES, RSA);  
Basics of C, C++;  
Basics of Python;  
Basics of HTML, CSS;  
Basics of JS, NodeJS.

### ■ Education

English level B2;  
Information Security Systems Bachelor at Karaganda Technical University (2019-2023);  
Communications officer at Military Department of Karaganda Technical University (2020-2022).
